

The Miller Story

BE A PART OF TEAM AVERY

This is the Miller family

Rally for Rylie

Team Avery

- 9 ½ years old
- Third Grade

\$\$\$\$\$\$\$

- On average, 1 month of cancer treatment can cost up to \$10,000
- One child, then the next
- Active girls
- Kids are expensive anyways
- Gas prices

YOU can help

- ◉ Who does not like t-shirts?
 - ◉ Avery loves t-shirts
 - ◉ It's a fundraiser too!
-
- ◉ You cannot lose with buying this shirt!

Perspective

What is \$15 worth?

- ⦿ Alcohol
- ⦿ Clothes
- ⦿ Pay someone to write your paper
- ⦿ Food
- ⦿ Movies

- ⦿ OR.....

A TEAM AVERY SHIRT

- ⦿ ALL the proceeds go to the Miller family in their time of financial need
- ⦿ Avery personally designed these shirts (hence the bright neon pink)

Think about it..

- Avery wanted everyone to wear these shirts, even college students
- We can start that trend right here at SVSU #GoCards
- It all starts with you

We can all stand tall like Avery
and Rylie

Where were you as a 3rd grader?

- I can imagine you looked something like this?

Cancer was not a fear of yours like it is for Avery and her family.

Lets get this carefree smile back on Avery's face

YOU are capable

- Rylie was capable of beating cancer
- Avery watched her sister beat cancer and is going to do the same
- The Miller family would be very grateful to anyone that is capable of buying a \$15 Team Avery shirt.

If you can help..

- She would be thankful
